+91 6398384440, Greater Noida, Uttar Pradesh

kartikgarg146@gmail.com | linkedin.com/in/kartikgarg146 | github.com/kartikgarg146

PROFESSIONAL SUMMARY

Third-year engineering student with a foundational understanding of machine learning and exposure to Python, C, and C++. Familiar with data preprocessing, basic ML model development, and analytical problem-solving. SIH 2025 Finalist, with an interest in building efficient and scalable systems.

EDUCATION

Intermediate | 2022-2023

Hans Raj Smarak Sr. Sec. School, Delhi

Percentage - 76.5%

Bachelor of Technology | 2023 - Present

Noida Institute of Engineering and Technology, Greater Noida

Bachelor's in Computer Science and Engineering (AI & ML) | CGPA: 8.89

CERTIFICATIONS & ACHIEVEMENTS

- **Smart India Hackathon (SIH) 2025 Finalist** | Selected among top teams nationwide for developing a real-time public transport tracking solution.
- **NPTEL Certification** – Operating System Fundamentals | Elite (72%)
- **NPTEL Certification** – Programming in C | Elite (60%)
- **Cisco Networking Academy** – Networking Essentials | Foundational training in computer networking concepts.

TECHNICAL SKILLS

Languages	Python, C, C++, JavaScript (Basic)
Web & Backend	Node.js, React, REST APIs, HTML
Databases	MongoDB, MySQL

PROJECTS

Real-Time Public Transport Tracking System

- Developed a real-time public transport tracking system using React, Node.js, GPS, with optimized performance for easy and reliable usage.
- Implemented route prediction logic to handle low-bandwidth zones and maintain accurate vehicle location updates.

File Sharing Platform

- Developed a file-sharing platform using HTML, CSS and PHP with secure user login and authentication, enabling users to upload and download files.
- Designed a responsive and user-friendly interface with basic access control to ensure smooth and organized file sharing.

Library Management System

- Developed a library management system using Java, TypeScript to manage book records, issue/return operations, and user details efficiently.
- Designed a clean and responsive interface with authentication and organized data handling to improve usability and streamline library tasks.
