PROFESSIONAL SUMMARY

Hello, my name is Kartik Garg, and I am a third-year engineering student specializing in AI&ML with a basic programming foundation in Python and Java. Skilled in building ML models, performing data preprocessing, and experimenting with deep learning architectures. I am a curious learner with strong analytical thinking and a passion for developing scalable intelligent systems.

EDUCATION

High School | 2020-2021

Hans Raj Smarak Sr. Sec. School, Delhi

Percentage - 91.5%

Intermediate | 2022-2023

Hans Raj Smarak Sr. Sec. School, Delhi

Percentage - 76.5%

Bachelor of Technology | 2023 - Present

Noida Institute of Engineering and Technology, Greater Noida

- Bachelor's in Computer Science and Engineering(AI & ML)
- CGPA: 8.89

SKILLS

Languages

Python, Java, MySQL, HTML

Frameworks

Node.js, React, MongoDB

Course Work

Operating Systems, Computer Networks, OOPs

PROJECTS

Real-Time Public Transport Tracking System

- Developed a real-time public transport tracking system using React, Node.js, GPS, with optimized performance for easy and reliable usage.
- Implemented AI-based route prediction to handle low-bandwidth zones and maintain accurate vehicle location updates.

File Sharing Platform

- Developed a file-sharing platform using HTML and CSS with secure user login and authentication, enabling users to upload and download files.
- Designed a responsive and user-friendly interface with basic access control to ensure smooth and organized file sharing.

Library Management System

- Developed a library management system using Java, TypeScript to manage book records, issue/return operations, and user details efficiently.
 - Designed a clean and responsive interface with authentication and organized data handling to improve usability and streamline library tasks.
-
